

## PARENT PAYMENT ARRANGEMENTS 2025

Dear Parent/Guardian,

South Melbourne Primary School is looking forward to another great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2025.

Victorian State Schools provide students with free instruction to fulfil the standard Victorian curriculum requirements and we want to assure you that all contributions are voluntary.

The payments are divided into three areas:

1. Curriculum Contributions (*essential student learning items*)
2. Other Contributions (*supporting non-curriculum items and activities that relate to the school's functions and objectives*)
3. Extra-Curricular Items and Activities (*optional items and activities such as camps and excursions, that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the curriculum. Extra-curricular items and activities are provided on a user-pays basis*)

Support and contributions from families allows us to offer a wider range of subjects and special curriculum experiences for your children, including enhanced digital learning opportunities, new learning resources for literacy and maths, effective first aid for all students and quality classroom supplies. Every effort has been made to minimise the costs; however, any increase is due to genuine price rise for individual items and resources.

These funds are voluntary, but they allow SMPS to continue to offer a broad curriculum and a wide range of programs for our community's children.

You can also make tax-deductible voluntary contributions towards targeted funding streams such as the Library Fund and Building Fund. In 2025, with your donations, we hope to continue to create an inviting library space and to improve the facilities within our school building.

For further information on the Department's *Parent Payments Policy* please see a one-page overview, attached.

Yours sincerely,

Noel Creece  
Principal

Dragan Rajak  
School Council President

## ONE PAGE OVERVIEW

### FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the requirements of the Curriculum. This includes the Victorian Curriculum F-10, the Victorian Certificate of Education (VCE) and the Victorian Pathways Certificate.
- Schools may invite parents to make a financial contribution to support the school.

### PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

#### Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

#### Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

#### Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

### FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

### SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
